PO Box 1450
Alexandria, VA 22313-1450

Sir:

A personal interview was conducted with Examiner Patel on November 8, 2007.
Applicants thank Examiner Patel for the courtesies extended to Applicants' representative during
the personal interview. The points discussed are noted below and constitute the Applicants'
record of the personal interview.

During the personal interview, the rejection of the pending claims over the combination of
Echo, Moock, and Chun was discussed. Specifically, claim 1 was used as an example claim to
explain that the applet is formed using the Java programming language. Applicants
representative explained that Moock and Chun references discusses only Flash, and Echo
simply compares and contrasts Java with respect to Flash.

No agreement was reached.

Respectfully submitted,

STEIN, MCEWEN & BUI, LLP
